Kraków, 27.04.2022 r.

Refers to proceedings conducted in the mode of the procurement based on art. 11 para 5 point 1 of the Act of September 19, 2019 – Public Procurement Law (Journal of Laws of 2021, item 1129 as amended) and the Act of 23 April 1964 – Civil Code (Journal of Laws of 2020 item 1740 as amended) The subject of which is selecting Contractor for the supply of silicon photomultiplier matrices – 50 items for the Institute of Physics – Department of Hadron Physics, Jagiellonian University.

QUESTIONS AND ANSWERS TO THE INVITATION

The Purchaser presents below the questions and answers provided in the proceedings.

Pytanie 1:

I am contacting you regarding your tender with the no 80.272.138.2022. We wanted to apply for it with our product (...) which would perfectly match your requirements. Unfortunately, this part is being discontinued and we cannot offer the requested 50 units anymore. For this reason I would like to propose an alternative product (...) which meets the requirements best but does not fully comply with following points:

- 1.1 SiPM size of 3.72x3.62 mm² instead of 3x3 mm²
- 1.2 SPAD size of 40 um instead of 25 um
- 1.3 mounting via soldering instead of a connector.

Odpowiedz 1:

The Purchaser inform that:

- 1.1 allow different active pixel size as long as the total pixel size (i.e. pixel pitch) does not exceed 4 mm and the original demand concerning the fill factor not smaller than 75% is met
- 1.2 allow the single microcell size of 40 micrometre.
- 1.3 allow the proposed alternative mounting scheme of the silicon photomultiplier array via soldering instead of via a connector.

The Purchaser informs that the above questions and answers to the Invitation constitute its integral part. The Purchaser has already changed the deadline for submission and opening of tenders to 11.05.2022 at h 12:00 p.m.

Z poważaniem,

Joanna Piecuch
